The Institute for European Environmental Policy is an independent not-for-profit institute. IEEP undertakes work for external sponsors in a range of policy areas. We also have our own research programmes and produce the Manual of European Environmental Policy (see below). For further information about IEEP, see our website at <http://www.ieep.eu> or contact any staff member.

Keep pace with environmental policy developments in Europe. The Manual of European Environmental Policy <http://www.europeanenvironmentalpolicy.eu/>
