

From the farmers' perspective – taking part in the pilots

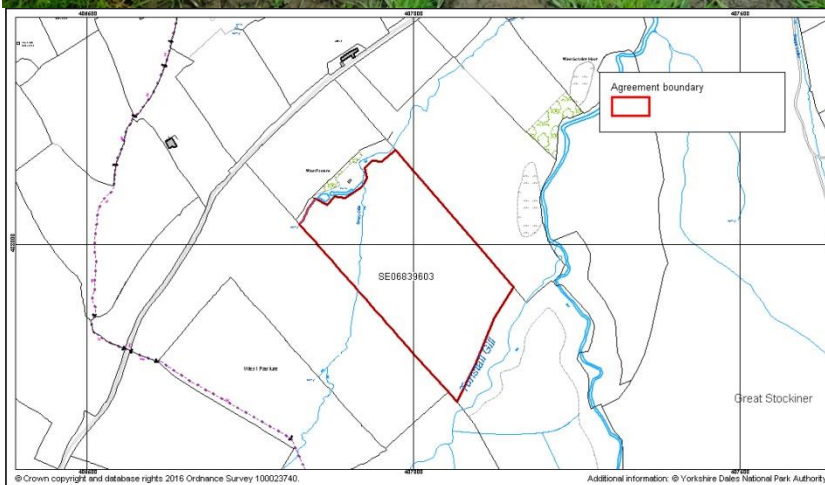

BUILDING ON KNOW-HOW FROM THE
RESULTS-BASED (RBPS) PILOTS

17 October 2019
Conference in Brussels

**Caroline Harrison, Tommy McPartlan, Nick Anema,
Romulus Harbada and Michael Davoren**

West Scafton, Coverdale, North Yorkshire

Habitat management for lapwing *Vanellus vanellus*

High nature value farmland
in County Leitrim, Ireland

Farmed by Thomas &
Lily McPartlan

Low stocking density with mosaic of habitats

Marsh Fritillary

Tommy and Lily knew
they had an interesting
butterfly on their land

They did not know that
their farming created the
right type of butterfly
habitat

A farming future of County Leitrim?

Farmers rewarded for
providing high quality
public goods

RBPS Arable Norfolk & Suffolk
